

Colton Grothe is an extremely active young boy. He loves to play at everything. His favorite thing to do is give high fives after any success he may have in his life. Colton also has Epilepsy. His life is ruled by trying to prevent seizures from robbing his development.

2009 was a struggle for Colton as he averaged over 20 seizures a day. These seizures robbed the 5 year old of his development and placed him at serious risk of injury. Boosted by the love and support of his family, friends, the members of ArrowCreek Country Club and the Reno area Colton was propelled to a dramatic reversal of fortune.

Please join Colton and his friends take the next step in the fight against seizures and support the Northern California Epilepsy Foundation.

Visit www.highfivesforcolton.com for more information.
